Times-Gazette.

VOLUME LXV., NUMBER 17. REDWOOD CITY, SAN MATEO COUNTY, CALIFORNIA, SATURDAY, JULY 25, 1925. ESTABLISHED 1859

SK TOWNSHIP RE-DIVISION

...nouncing that the representation ... county on the board of super... was out of all proportion to ... population of the various town... Barlow Furgeson, San Mateo ... appeared before the board ... Monday and presented a peti... asking that the townships of ... county be rearranged so as to ... a more even distribution of ... in the various districts:

In the petition is is stated:

That the county register of San ... county shows that the re... ...ship showed for the ... election of the year 1924 ... following number of registered ...:

... Township 6482
... Township 7646
... Township 5232
... Township 466
... Township 262

...t registration for county 20,494 ...puting the population of the ...ty to be 2 1-2 times the register... ...te would make the population ...e county at the time of the last ...sus about 51,000.

...ownship No. 5 with a population ...about 1000 or about 2% of the ...ulation of the county has one... ...n of the board of supervisors; ...nship No. 4 with a population ...about 1500 or about 3% of the ...ulation of the county has one... ...n of the board of supervisors.

...s this board has great powers, ...ng which are fixing the rate of ...tion; appropriating monies for ...ways; fixing salaries of county ...township officers and the per... ...t powers given by section 4041 ...the Political Code, your petition... ...s well as all the oter taxpayers ...the county are vitally interested ...who shall constitute this board. ...he election of such important of... ...rs the vote of qualified voter ...ge cast should be equal to every ...r vote so cast in the county. This ...n absolute right and this right is ...ated by the unequal division of ...Supervisorial districts as now ...ed. 379 votes counting as much ...1846 votes.

Wherefore your petitioners pray ...t the county be divided into Sup... ...orial districts as nearly equal in ...ulation as may be.

...Your petitioners suggest that the ...owing division of the county into ...tricts would be "according to ...ulation as near as may be" with... ...dividing the incorporated towns ...cities in such division:

...istrict No. 1: Daly City, Colma, ...th San Francisco, San Pedro, Vis... ...cion, San Bruno. Registered voters ...

...District No. 2: Burlingame, Mill... ...e, Lomita Park, Hillsborough. ...istered voters 4719.

...rict No. 3: San Mateo, Beresford, ...n Mateo Homestead. Registered ...rs 4,395.

...District No. 4: Redwood City Red... ...d outside, San Carlos, Atherton. ...istered voters 3202.

...istrict No. 5: Rest of the county. ...istered voters 3,410.

...The above suggested division ...ld leave the districts in a com... ...form and not divide the cities ...incorporated towns. Even the ...division would still leave a ...t inequality but would give the ...th end of the county three sup... ...ors and the south and west with ...votes less than one-third, two ...visors.

ooo

NIO PARK ELECTION SET; MATTER PUT BEFORE COURT

...the fact that the date for an ...on for the incorporation of ...o Park has been set by the ...d of supervisors does not fully ...se the proponents of the incor... ...ation, who have taken the mat... ...to court. The date was set last ...day as August 31. This action ...taken after the matter had been ...oned from meeting to meeting ...several months. The objection ...the incorporation now, however, ...that in accepting the map, the ...d excluded a large part of the ...tory, claiming that it was out... ...erange, and not subject to in... ...poration.

...At the meeting Monday the at... ...ey for the proponents of incor... ...tion, A. J. Stebenne, stated that ...would ask the court for a writ ...view, by which the matter would ...taken into the superior court ...out of the hands of the board ...supervisors. It is hoped by the ...ioners that by this action they ...have an opportunity to vote ...the map as originally presented. ...s action will automatically post... ...the date of the election until ...r matter has been decided in the ...rt.

Railroad May Buy Terminal

The sale of property at the corner of Eighth and Market streets in San Francisco this week, comprising one of the biggest transfers of property ever reported in the city, has lead to the belief that the property is being purchased by the Southern Pacific railroad for the purpose of locating a terminal for the peninsula lines on the main street of the city. The report has been current for many months that the railroad company was looking about for a suitable location on Market street for a terminal in the heart of the city, and that when such a location was secured that the lines down the peninsula would be electrofied, and the service greatly increased.

According to the reports in regard to this great sale of property, the whole matter has been handled very quietly, with the buyers' identity kept entirely under cover. The fact that the buyers seem to have unlimited capital behind them, however, has lead to a general belief that the railroad is behind the purchase. The price paid for the corner is reported to be $5,000,000.

ooo

LOCAL LEGION RAISING ENDOWMENT FUND QUOTA

The members of the committee headed by Rev. C. E. Kennedy for raising the quota of the local post of the American Legion for the national fund for the aid of orphans or war veterans and of war veterans themselves who cannot be assisted by the government, are active this week in their work. A general appeal has been sent out to the people of Redwood City to assist in this work.

The following proclamation was made this week by Mayor Henry Beeger of Redwood City:

To the Citizens of Redwood City:

Greeting

The members of the American Legion throughout the country are at present engaged in a campaign to raise an Endowment Fund of $5,000,000.00 for the relief of disabled veterans who for various reasons are not given Government aid, and for the care of children, whose fathers died in the war, or as the result of sickness incurred in the war. Of this sum, Redwood City is expected to furnish $800.

I recommend this project to the favorable consideration of the citizens of Redwood City and ask them to give liberally as befits the reputation our city enjoys of doing good acts promptly and generously.

H. A. BEEGER,
Charman Board of City Trustees.
July 22, 1925.

The committee is anxious that all donations be in before August 1. Those wishing to aid in this work may leave their contributions with L. A. Behrens at the First National Bank.

ooo

EAGLE HILL TO BE PAVED

The long standing argument between the " black and white" pavement which has called forth so much oratory before the board of trustees has at last been settled so far as the paving of a number of streets in the Eagle Hill district is concerned. In this case the preference has been shown for the black, or asphaltic type of pavement.

The matter has been before the board for many weeks, and eveytime that a settlement was attempted the argument between the two types of pavement would break out and after occupying several hours of the meeting would leave the matter in as great a state of confusion as ever.

At the meeting Monday evening, the board after a private session, at which matter was thoroughly discussed, the board announced to the large number of property owners who were present, that they could chose between two types of pavement, the asphaltic concrete or the cement concrete. A large majority favored the former.

City Engineer Charles Dimmitt stated that the costs of these types of paving would be $6 per foot for a 40-foot street or $5 for 30-foot street. This he stated was only 60 or 80 cents more than the cost of an oil bound macadam, and as the pavements were far superior to the latter type of pavement, the board went on record as favoring no other type of pavement than the two types of concrete.

ooo

Attorney Hall Ross arrived in Redwood City yesterday from his annual vacation spent in touring the national parks of the country. Mr. Ross went as far east as Chicago. He says all te play grounds are in splendid condition and are being visited by larger crowds this year than ever before.

CHARLES HOLBROOK, STATE PIONEER, DIES

The death of Charles Holbrook at his home in San Francisco Friday of last week caused profound sorrow among his friends in Menlo Park, where he had lived so long and where he was beloved.

Mr. Holbrook was a self-made man in every sense, having come from the east as a boy in the early days and through his own unaided efforts became one of the prominent men of the state, acquiring great wealth by shrewd investments and business acumen. He was a philantropist always helping others and particularly those in need. He assisted many a young man in business, helping him to secure a start and gain success in the business world. Mr. Holbrook founded the hardware firm of Holbrook, Merrill and Stetson, one of the largest hardware and plumbing supply houses in the west. Mr. Holbrook was also director of a number of banks and for years was one of the directors of the First National Bank of Redwood City. He loved Menlo Park and its people and was always happy when living here. His winters were spent in his city home.

Mr. Holbrook came to Menlo Park in the seventies having at that time purchased the property of Thomas Day of the firm of Thomas Day Company of San Franrisco. He developed the property until it is today one of the show places of the community. He loved to dwell there and walk among the stately trees of the beautiful estate. Mr. Holbrook reached the ripe old age of ninety-five years, years of usefulness and in the accomplishmtnts of noble deeds and good works. He was a sterling American, who rose from small beginnings by shear work and honest endeavor to a proud position in the business world. His life should be a fine example to young men to follow in their search for success. Mr. Holbrook was a kindly man, one who rejoiced in the success of his fellow man. He was a broad gauged, progressive and honest man. Few men had more friends and admirers and those who knew him best, loved him most. He will live long in the memory of his friends. His sorrowing daughters, Mrs. S. Knight and Mrs. Silas Palmer have the sympathy of the community in their bereavement.

ooo

San Carlos Folks And Local Events

The San Carlos Volutneer Fire department was called to real action on Monday afternoon when a fire by which the caretaker of Mrs. Crawford's place, while burning some refuse, spread to the surrounding dry grass and the immediate hills. This property is located west of the Devonshire hills, where over 50 houses are under construction and over 20 have been already completed. A call was put in for the Redwood City department to aid the San Carlos department in fighting the fire. On the arrival of the Redwood City department the fire was pretty well under control and their services were not necessary.

Mrs. W. A. Emmett, Sr., entertained in honor of her daughter, Mrs. Daryl Callan, a recent arrival from Los Angeles. Sixteen hands of whist were played and the rest of the afternoon was devoted to music. High scores were won by Mrs. McArdle, Mrs. O'Dooley, Mrs. William Johnson and Mrs. Ray Kelly. Mrs. J. Hanson won consolation honors.

Miss Caryl Jones of Carmel who is sending her vacation with relatives in San Carlos, will spend this week in San Francisco as the guest of her aunt and uncle, Mr. and Mrs. E. W. Cadbourne.

Mr. and Mrs. O. D. Fairfield, Mrs. F. A. Smith, and Miss Caryl Jones of Carmel, have returned from an enjoyable trip to Dillon Beach, Marin county, where they spent a few days as guests of Mr. and Mrs. W. L. Kemnitzer, parents of Mr. Fairfield. Master Boyd Fairfield remained to spend two weeks with his grandparents.

Miss Florence Johnson and Jack Fairfield were guests of Mr. Fairfield's grandparents, Mr. and Mrs. W. L. Kemnitzer, at their summer home at Dillon Beach over the holidays. They were members of a house party including Mrs. Frank Kiefer, the Misses Jean and Shirley Wright and Fred Kemm of San Francisco, all of whom are frequent visitors in San Carlos.

Mrs. Frank Quinn, a recent arrival from San Diego, and who is spending her vacation with her mother, Mrs. B. A. Lindberg has been ill for the past week with flu. She is able now to be up and around again.

A Dennery attended the banquet given by the Master Painters' Association at the Fly Trap Inn at Redwood City this week.

Miss Betty Kenealey of Los Angeles is the house guest of Mr. and Mrs. Kenealey. She will spend three weeks with her relatives.

Miss Marie Lindberg and Mrs. B. Lindberg spent Sunday afternoon as the guests of Mr. and Mrs. O. W. Stewart.

Mr. and Mrs. B. H. Martin and young daughter, Betty Dean, have taken possession of the Russell home which they recently purchased.

The San Carlos P.-T. A. will give an "old clothes" party on Saturday evening, July 25, at the school house auditorium. Good Jazz music will be furnished. Mrs. A. Johnson and Mrs. E. J. Wheeler have charge of the affair.

ooo

Arthur Swift and family have returned from a week in the Yosemite Valley.

City Briefs

County Horticultural Commissioner Tate and family have returned after a vacation spent in Watsonville with relatives.

Mr. and Mrs. Morris Roberts and little daughter of Fresno are visiting Mrs. Robert's mother, Mrs. Charles Jacobus.

Louis Winkler has returned to his business in this city, after a two weeks' vacation spent with his family at La Honda.

Mr. and Mrs. R. E. Johnson and family are spending a fortnight at Lake Tahoe.

Mr. and Mrs. Adolph Patrick are receiving the congratulations of their friends upon the arrival of a seven-pound baby boy, born at their home at 524 Arguello street, Thursday, July 23.

Asa Hull, president of Hull Bros., Inc., has been summoned to act on a federal grand jury in San Francisco.

The many friends of Mrs. T. W. Wilson, who has been confined at a San Francisco hospital undergoing a serious operation, will be pleased to learn that she is convalesing nicely.

Mrs. Ida Corwin left last Saturday for Pleasantville, Pennsylvania, where she will visit her daughter, Mrs. Roy Holtz. Mrs. Corwin will also visit relatives in Chicago, and will return in time to resume her work as a teacher in the Washington school.

Mrs. Roy Bissel and her parents, Mr. and Mrs. George Makin, are enjoying a vacatiin at La Honda.

Alfred Robinson and Carl Zeh are among the Redwood City visitors in the Yosemite Valley.

W. J. O'Brien, manager of the Sequoia Theatre, and his family returned this week from a vacation spent in Santa Cruz.

Mr. and Mrs. Carl Muller returned this week from a visit with their daughter, Mrs. Willard Coburn in San Diego. Mrs. Kata [illegible] sister of Mrs. Muller, returned with them, and is visiting them here.

Mrs. P. A. Ryan entertained a number of friends at a whist party in her home this week in honor of the Misses Margaret and Catherine Hyde of Los Gatos. Those who enjoyed the affair were the Misses Margaret and Catherine Hyde, the Mesdames C. A. Murphy, L. E. Murphy, Thomas Murphy, J. R. Mollison, and Miss Alice Moore, all of San Francisco; Miss Charlotte McDonald of Los Gatos, Mrs. J. J. Hahir of Burlingame, Mrs. Mary Morgan of South San Francisco, and Mrs. J. J. Shields and Mrs. H. W. Schaberg of Redwood City.

The R. F. Chilcott home on Middlefield road was the scene of a happy family reunion Wednesday evening, the occasion being the 13th birthday of Richard Chilcott. Those present were Mr and Mrs. Lawrence Heiner and Helen, Margaret, Ruth and Larry Heiner, Mr and Mrs. R. Roberts and daughter, Carolyn, of Fresno, Mrs. Henrietta Jacobus, Masters George and Elton Rice, Mrs. Carr, Richard and Dorothy Chilcott and Mr. and Mrs. R. F. Chilcott.

Dan Cupid, that wonderful little god of love, appears to take a particular shine to pretty professional nurses, for he has captured many during the week. No fewer than eight appeared at the office of County Clerk Elizabeth Kneese the fore part of the week for marriage licenses. They were all pretty, winsome and young and the greater number came from San Francisco. Why Cupid should select the nurses as his victims no one knows.

Mr. and Mrs. C. H. Stevens, who have been visiting their daughter, Mrs. Wilbur Doxsee, are preparing to leave for Asilomar next week to attend the conference of Congregational churches.

R. F. Chilcott was a visitor in Los Angeles over the week end.

Mr. and Mrs. T. C. Rice are enjoying a visit from Mr. and Mrs. George Pangburn of Long Beach.

Mr. and Mrs. J. H. LaDieu are spending the summer at their cabin at Kings Mountain. They have rented their home on Central avenue for the summer.

Mrs. Ralph Dodge and two sons were guests at the home of Mr. and Mrs. Phil Bray this week. Howard Dodge, the elder of the boys, has just recovered from a serious illness.

Mr. and Mrs. Lester Mullen of Martinez, formerly of this city, are the proud parents of a baby boy born this week. The little fellow is the third boy in the family.

Reeder Payne of Oakland is spending his vacation at the home of his aunt, Mrs. Audine Martin on Arch street.

Miss Lorene Schenkel has returned to her duties in the office of the George H. Rice Abstract Company's office after a two weeks' vacation spent in the Yosemite valley.

Mr. and Mrs. Tom Morton have returned from a ten-day motor trip through Oregon and northern California.

Mr. and Mrs. Frank Nash and family are enjoying a vacation spent at Woodside.

Andrew Stewart had a painful accident this week, when he ran a nail through his foot. Though inflamed and sore the injured member is getting back to normal.

Mrs. Carrie Yearian spent the week end at Rio Nido. Her daughter, Miss Carrol Yearian, is spending her vacation there.

B. E. Myers returned early this week from Gary, Indiana, where he had been visiting his mother. Before going to Indiana Mr. Myers attended the convention of Kiwanis clubs held at St. Paul.

Announcement of the birth of a baby girl to Mr. and Mrs. Leonard Brice (Janet Ferguson) of Sioux Falls, S. D., was received here this week. Mrs. Kirkpatrick who is visiting Mrs. Brice will leave shortly for her home here, accompanied by her son, Rupert Kirkpatrick. They will visit all points of interest on their way home.

H. W. Klee, formerly employed here as foreman of the Pratt Low Canning Company, but now working for the same concern at their cannery at Hayward, has sold his pretty home on Hopkins avenue to John McCrea, a son of S. P. McCrea, formerly principal of the Sequoia Union High School. The federal stamps on the deed indicate that the sum of $7,500 was paid for the property. The sale was consummated by Robert Letts, the local realty broker.

On Sunday, July 26th, Rev. Rowland B. Dodge, who is preaching this month at the First Congregational church as supply, will speak Sunday morning on the topic, "Where is Heaven?" and in the evening upon the topic, "The Value of Work."

Rev. E. Clarence Oakley, who is now living in Palo Alto, and one of the well known ministers of the Congregational church about the bay, will preach for the first four Sundays in August. Mr. Dodge will preach the last Sunday in August.

Mrs. BeHe Wentworh is visiting her sisters, Mrs. W. A. Crowell and Miss Alice Crowe this week.

Word was received from Miss Margaret Kirtland this week, telling of her safe arrival in New York. Miss Kirtland went to the east by way of the Panama Canal, and reports a very enjoyable trip. She will return after visiting the large cities of the eastern part of the country.

PLAN FOR THE BAY DEVELOPMENT TOLD

The efforts being put forth by a group of public spirited citizens, civic organizations, cities and counties of the bay region to promote the development of the nine counties of the bay region without sectional partiality or without regard to political boundaries, will be expalined to members of the Redwood City Kiwanis club at their next meeting. The speaker on this occasion will be Louis F. Leurey, a well known consulting engineer of the Pacific coast, who will explain the work of the Regional Plan Association for uniform bay region development.

The aims of the association are: 1 A unified plan for port, harbor and terminal development on all sides of the San Francisco bay, similar to that which was made in New York harbor; 2 A co-ordinate system of highways, scenic boulevards and bridges; 3 Rapid transit communication between all parts of the district with special attention to commuting facilities; 4 The acquisition and development of large recreational areas and large park reservations while yet obtainable at reasonable cost; 5 Removal of the growing menace of the polution of the bay by sewage and waste; 6 Regional zoning for determination of the areas best suited to home building, to industry and to agriculture, and to insure a convenient and proper relation between home areas and industrial areas.

These briefly are the aims of the association, which is undertaking here a work which has been very successfully carried on in New York, Boston, Chicago and other large cities of the east.

The bay district is in its infancy. Conservative figures place its population fifty years hence at five million or more. This is against a present population of approximately one and a half million. Assuming a continuation of the present trend of commercial development—by 1975 there will be several times the present demand upon highways, harbor facilities, transportation lines and public utilities. Cities will spread over many times the area they now occupy, and each year brings its proportionate increase. All this growth must be planned for.

The cities and counties of the bay district are projecting their individual improvements with little or no effort to tie their plans together. Many of these projects extend across political boundaries; others are of such size that they cannot be accomplished, except through combined efforts of several communities.

It is to secure this co-operation between the cities and towns of this district that the Regional Plan Association has been organized and will soon begin a campaign of education for the people of this section. The details of the work of the organization will be explained here Tuesday.

ooo

AMUSEMENT COMPANY ASKS FOR SLOGAN

A novel announcement was made this week by Clara M. King, one of the owners of the recently opened salt water plunge at South Shore port. The Kingsport Amusement Company in advertising the plunge want a short snappy slogan that can be effectively woven into all their publicity. Every one gets a thrill to think of a swim in refreshing exhilirating ocean water, warmed to just the right temperature by the sunshine we have in this beautiful valley. That big plunge is more than 100 feet long and is 50 feet wide. It has every comfort and convenience in spacious dressing rooms, concessions, shower baths, ladders, spring-boards, and all the rest that goes with up-to-date recreation places of the kind. The opening days there were more than a thousand each day who visited the plunge and many hundreds enjoyed swimming in it.

Here is the slogan offer. You or any other reader of the Times-Gazette is offered the use of the plunge with all the pleasure it offers for a whole year if you will submit a short snappy and meaningful slogan that is accepted. For example, "A dip in the brine makes you feel fine." This is just ordinary, but it gives the idea. Give something that will be so attractive that when the company attaches the suggestion "swim at Kingsport," the reader will want to start for his automobile to go and take that swim. Your slogan should be in, says Mrs. King, by August 1, and should be submitted in writing and mailed to the Kingsport Amusement Company, Mountain View, California.

ooo

COURTHOUSE DEPUTIES GET INCREASED SALARIES

One entering the court house yesterday found all the pretty clerks and stenographers in a happy mood, their winsome faces wreathed in happy smiles and their whole demeanor bespeaking contentment and satisfaction. On investigating this state of affairs it was learned that yesterday was the time fixed for the county government to go into effect raising the salaries of the deputies from $25 to $50 a month. No wonder the gayety. Several departments were allowed extra deputies, but thus far the only appointments announced were Miss Lucia Rolla, a deputy in the auditor's office, and John Edward Farrel, a son of Judge Farrell of South San Francisco to be a deputy sheriff. The other appointmerts are to be made next week.

Supervisors Pass Milk Inspection

The creation of a milk inspection department for the county was finally completed last Monday by the passing by the board of supervisors of a milk inspection ordinance and the appointment of John H. Garland of Menlo Park as inspector.

The ordinance, which was prepared and presented to the board by District Attorney Franklin Swart is the culmination of an effort by the dairymen of the county to have a department of milk inspection created in this county in order that they might compete with the dairymen of San Francisco and Santa Clara counties. According to the ordinance of those counties the uninspected milk from here could not be sold in those counties, although milk wagons from both counties could operate here in competition with the local dealers. Now that the milk is inspected in accordance with the state law the San Mateo dairymen can compete on equal terms with those of neighboring counties.

The ordinance provides that the dairymen will pay one quarter of a cent a gallon for the milk inspection. The salary of the inspector was fixed at $250 per month.

ooo

Woodside Notes

Mr. and Mrs. Samuel Pond and their two children, Barbara and Peter will sail from Europe for the United States on September 2, and will come directly to their home in Woodside. They have been away for over a year during which time Mr. Pond made a trip back to San Francisco. Most of the time has been spent in France, but trips have been made from there to England and to the Mediterranean.

Mr. and Mrs. Stanley Harris are in Portland, having returned there after a trip into British Coumbia. They plan a trip into Yellowstone Park before returning to their home here.

Mrs. Daniel C. Jackling left Wednesday for Lake Tahoe, where she will visit Mr. and Mrs. George Newhall for several days. She will also visit her sister, Mrs. Herbert Moffitt, at the lake before returning to Woodside.

Mr. and Mrs. O. E. Blackington and family have taken a motor trip into Oregon to visit their old home there. Mr. Blackington is a graduate of the University of Oregon and spent the greater part of his life in the southern part of that state.

Mr. and Mrs. Selah Chamberlain and family spent the last week end in a trip to the petrified forest. They will start on a more extended vacation trip the last of this month being gone for several weeks.

The Big Basin of Santa Cruz county has attractions for many of Woodside's residents. Mr. and Mrs. Fred H. Mighall and Mr. and Mrs. A. H. Audiffred are there now, Joe Hallett and his wife, and Mrs. Joseph H. Hallett and her daughter, Helen, have just returned from there and Raymond von Savoye is planning a trip into the Basin.

Mrs. Agnes Galbreth, formerly of Alameda, is spending a week with Mrs. Bradford Leavitt. Mrs. Galbreth has lived for two years upon a mountain ranch which covers the corner where Mendocino and Humboldt and Trinity counties join, a part of the ranch being in each of these counties, and her stories of her experience there are of thrilling interest, especially to those youngsters of various ages who hark back in their desires to the days of Daniel Boone and who had about concluded that there was no longer any place sufficiently remote from the cramping influences of civilization to enable one to experience the pleasures of a pioneer life.

Dr. A. S. Keenan is wearing his hand in a sling as the result of an automobile accident about two weeks ago. A number of the bones of his hand were broken when his automobile turned over pinning him beneath.

Mrs. N. C. Cummings gave on out-of-door dinner party to about twenty of her friends on Wednesday evening. The tables were set under the oak trees on the Jos. L Ross, Jr. place at Woodside. The sun was shining brightly when the dinner began but before it was finished the faint days of the new moon had to be supplemented by electric lights strung among the trees.

Mr. and Mrs. Edwin Holden of San Francisco were week-end guests of Mrs. John D. Gish.

Jos. L. Ross, Jr., is determined to do his part toward enlivening existence in Woodside, so he is building a handsome dancing pavillion under the oak trees upon his place. He promises music by the St. Francis Hotel dance orchestra at his dances.

Dr. Alanson Weeks, prominent surgeon of San Francisco, has purchased the Frank Huddart property, adjoining the Avenali place and fronting on the road to the Kings Mountain grade.

C. K. Fiedler of Pasadena has brought to Woodside a collection of photographs taken by himself of Santa Barbara within a few minutes of the earthquake. Mr. Fiedler was a guest at the Arlington hotel at the time of the shake and as soon as he could get his feet steadied under him he put his trusty camera to work. The pictures awake memories in the minds of those of us who weathered the earthquake of 1906.

F. L. LITCHFIELD TALKS TO KIWANIS

Redwood City stands upon the threshold of one of the greatest industrial develovments of any location in the state, according to F. L. Litchfield of the San Francisco Chamber of Commerce in an address given before the Redwood City Kiwanis Club last Tuesday. The whole bay shoreline of the county will in a short time be a great industrial zone, according to Litchfield. But the logical place to begin development is right in Redwood City, where every natural feature makes development an easy and inexpensive proposition.

Litchfield after outlinging the profound changes which the late war had made upon the buying and manufacturing industries of the nation, and the great movement of industry to the Pacific coast which had followed the signing of the armistice, and which is now only in its infancy, brought out forcibly the factors which make Redwood City the logical location for a great industrial development. There is due to be a great influx of manufacturing industries to San Francisco, he stated, but the high prices obtained for land anywhere in the limits of San Francisco will naturally turn the prospective investor southward to where he may obtain waterfront land at reasonable terms.

There is along the southern arm of the bay, Litchfield stated, a great channel capable of floating the largest ships afloat. The nearest approach of this channel to the land is at Redwood City, where it comes right to our shore. There also are thousands of acres of cheap industrial land which at present is vacant. These factors together with easy access to the railroad will bring about an unprecented influx of industries to San Mateo county. The greater portion of these will locate here.

The other speaker at the Tuesday luncheon was Rev. C. E. Kennedy, who in an interesting and amusing manner told of his early life "south of the slot" in San Francisco.

ooo

MOTHER OF LOCAL MAN DIES IN HAYWARD, AGE 92

Mrs. Cecelia Klee, mother of Henry W. Klee of this city, and a pioneer resident of Hayward, passed away at that place this week at the age of 92 years. Mrs. Klee was a native of Switzerland. She came to the United States in 1856, settling in Missouri, from whence she came to California many years ago and made her home in Hayward, where she has remained since.

Funeral services for the aged woman were held Tuesday in Hayward.

ooo

Mrs. S. G. Sesak is recovering from a protracted illness as the result of blood poisoning from a cut on her hand.

The first annual meeting of the Emerald Lake Golf Club will be held tomorrow at the club house in the foothills.

Noble Cloud and Norman Hedge are spending their vacation at the Big Basin. They were accompanied there by Mr. and Mrs. Roy W. Cloud who returned later.

TWO WAYS TO SPEND MONEY

TWO billion one hundred and ninety million dollars! No, that is not the national budget for education, nor yet the amount given to aid the suffering children in Armenia. On the contrary this is the amount which at a rcent convention of beauty parlor operators was shown to have been spent by the women of the United States in one year in artificialities. A total of six million dollars a day is spent by the feminine half of our population to cover up their complexion. Of this amount it was shown that seven million dollars was spent during the year for hair dye, and that 17,850,000 boxes of rouge were used to give the lips of the girls that appearance of being in the last stages of an open cancer which is so much the style at present.

With these figures before them we wonder what those opponents of a national department of education will have to say, those who have opposed it because they said that the amount necessary for such a department would be too great. What a campaign of education could be carried on in this country for six million dollars a day. Can we not afford as much to educate our children as is spent to disfigure our women? A nation which spends nearly three billion dollars on cosmetics cannot plead poverty when the time comes to pay for education. We believe that it would solve the problem of financing the department of education and might improve the looks of the average flapper if a tax of 100 per cent were placed upon cosmetics for this purpose. We know that the added investment in education would pay rich returns and would it not be a relief to see fewer of the marshmallow type of nose and these black stickey eye lashes?

—o—o—o—

SCIENCE ON THE CARPET

CITING an ancient clause in the appropriations bill of the District of Columbia, which states that no funds may be used for teaching disrespect of the Bible, Loren H. Wittner of Washington, D. C. has filed suit to have the salaries of all teachers who teach astronomy, physics, chemistry, geology, or philology stopped. The trial is a fitting companion piece for the evolution trial in Dayton.

Philology, the study of languages, according to this new exponent of the Bible, is heresy, as it does not accord with the story of Babel. Does he not stop to consider that all languages is the process of growth? The language of America today is considerably different from that spoken by Washington or the settlers in Plymouth, and theirs varied so much from that of Chaucer a few decades before them that one could not have understood the other without great difficulty. So it is with each language, and the growth and merging of one into the other is quite easily studied and shown.

Astronomy, the science which has perhaps more than any other been based on accurate mathmatical measurements, is to be overthrown because the Bible mentions four corners of the earth. Therefore the earth must be a flat, square body with corners. The fact that millions are circumnavigating the globe yearly will make no difference with Wittner, since a globe cannot have corners.

Geology because it traces the development of the earth in the rocks, and of the organic life of past ages would come under the ban if Wittner had his way because it does not accord with a literal interpretation of the story of the six day creation of the heavens and the earth.

We believe that the suit of Wittner will be thrown out by the court as none of the sciences which he opposes do conflict with the teachings of the Bible, correctly interpreted. The greater portion of the world's greatest scientests are believers in the Bible and find in it substantiations of their particular theories. Those who have insisted on a literal interpretation of figurative expressions have, however, ever sought to hold back all progress and have always had to yield to the force of common sense.

In speaking of evolution and the trial now in progress at Dayton, Tennesee, Dr. David Starr Jordan, a deep thinker and a Christian, said in part:

"To the scientific man there is no more doubt of the derivation of the species of animals and plants of today from pre-existing forms than there is of the fact that light and heat come from the sun. This last was violently disputed by the fundamentalists of earlier days because, in venerable tradition, day and night came before the creation of the sun.

"The essence of Darwinism is that in running the great gauntlet of life those individuals, men, animals, or plants, which proved themselves enduring and adaptable have survived and have left descendants who inherit more or less perfectly the same traits. Those weak or inadaptable (with many others) perish along the way, and a degree of competition is thus kept up, the chief moving force of progress. Not a man nor woman alive has an ancestor who died in infancy. The innate tendencies, heredity and variation, keep up slowly diverging series; no two individuals are ever far from its immediate ancestral possibilities.

"Science simply intensified and enlightened common sense, and our knowledge of the development of life, called evolution, stands in no more antagonistic relation to religious feeling than does astronomy, geology, geography, chemistry or phsiology, all of which have in turn run the gauntlet of opposing 'fundamentals' based on tradition or ignorance."

—o—o—o—

The newspapers are full of discussion of various ideas connected with the plan of a World Court. Generally speaking, the press of our country in inclined to favor any international policy that is of a constructive character.

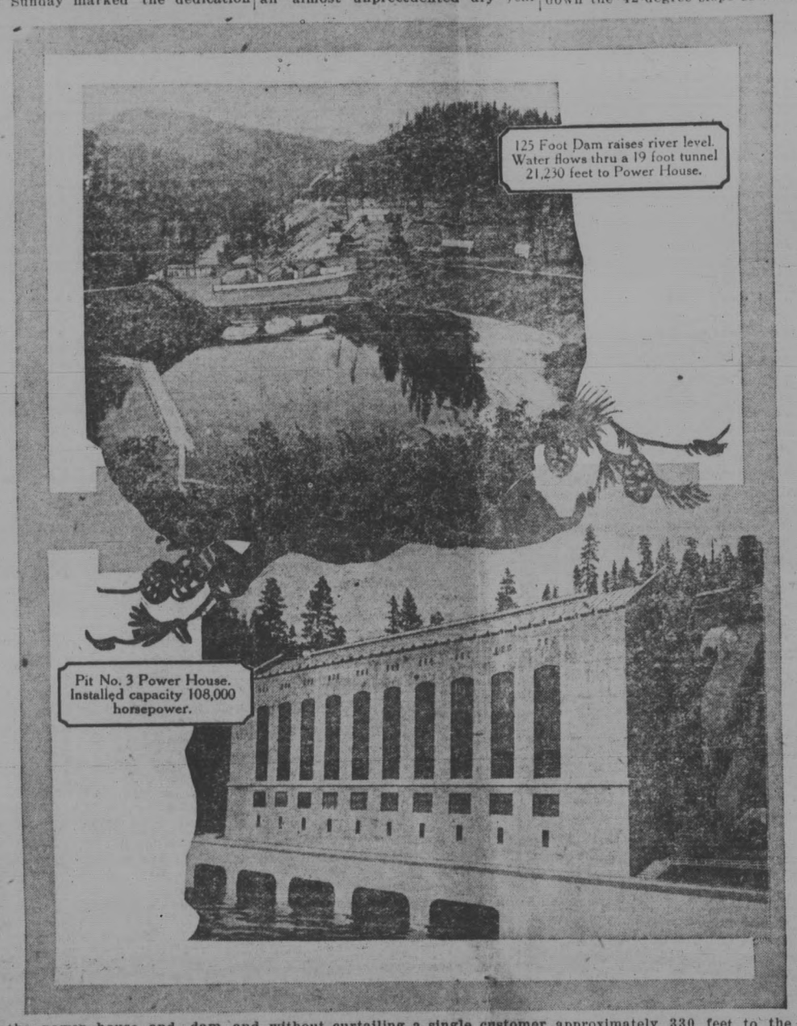
PIT RIVER DAM AND POWERHOUSE DEDICATED BY P. G. & E. COMPANY

The Pit river power house No. 3 of the Pacific Gas and Electric Company was the Mecca to which about two hundred newspaper men of the state gathered as guests of the great power company over the week end to see the giant machinery of the plant put into operation.

This unit, which is known as the Pit No. 3 plant is the largest power plant so far constructed by the company, being of 108,000 horsepower installed capacity. The plant, with its transmission lines represents an investment of $17,000,000.00. This plant is located on the Pit river about 17 miles below the Pit No. 1 power house, which is located near the town of Fall River Mills, Shasta county.

The plant has just been completed and the celebration last Saturday and Sunday marked the dedication already in operation and the two plants on Hat creek, a tributary of the Pit.

"Pit No. 3 helps to further insure California against a power shortage in years of light rainfall. Pit river is fed largely of the underground springs of the lava beds in northeastern California, and unlike the average California mountain streams, is not a torrent in winter and a trickle in summer. The year 'round it has a remarkable uniform stream flow, the variation between winter and summer being comparatively slight. It was this feature that first attracted the attention of our engineers. It is an ideal stream for power development and their judgment was fully proven last year when the Pit plants operating with our steam reserves put us triumphantly through an almost unprecedented dry year without curtailing a single customer or denying full service to a new one."



125 Foot Dam raises river level. Water flows thru a 19 foot tunnel 21,230 feet to Power House.
Pit No. 3 Power House. Installed capacity 108,000 horsepower.

of the power house and dam and the starting of the great turbines which operate mamoth generators, each capable of delivering 36,000 horsepower. The power units of the plant are three in number, and are truly a marvel in engineering science. In each one a giant rotor, or wheel wound with the magnet coils revolves within an outer casing of cast iron. The rotating member of these generators is about twenty feet in diameter and weighs 200,000 pounds, yet this immense wheel revolves at the rate of 250 revolutions per minute with a clearance of less than one quarter of an inch between the outer edge and the inside of the outer casing.

In dedicating the power house, Frank A. Leach Jr., vice-president and general manager of the Pacific Gas and Electric Co., addressed the newspaper men of the state in part as follows:

"In opening Pit No. 3, we are making good on a prediction made three years ago. Our engineers set the date when they made their first surveys. Actual construction work was begun August, 1923, when the four-mile diversion tunnel was started. Other parts of the job were taken up at fixed intervals with a view of having the whole development completed at about the same time and thus saving interest on idle investment. Everything was carefully timed and now this great plant, during the construction of which, world's records have been broken, is at the service of the people of northern California. The concreting of the tunnels was completed in five months.

"With the output of the Pit No. 3 available we will have ample power to take care of the growth in our territory for the next three yeas. Our aim is to be prepared at all times to meet the people's needs and to help them develop the State's agricultural and industrial resources. We are building for the future growth of all northern California. That is why we planned the Pit river developments of which No. 3 is the fourth plant. Counting Pit No. 1, already in operation and the two plants on Hat creek, a tributary of the Pit.

Miss Bertha Downing of Santa Clara was introduced by her cousin, P. M. Downing, engineer in charge of the work on the plant, and after a short address she proceeded to place the plant in operation by turning the hand wheel which caused the great turbines to begin their work of furnishing power. The first turn of the giant machines was greeted with a cheer by the assembled crowd.

The editors from this division were taken in charge by John Kuster division manager of the San Jose division, and he spared no effort in seeing that they were well taken care of. Every part of the plant was inspected and explained to the newspaper men and all their questions found a ready answer.

They were taken to the top of a steep tramway operated by a winch and cable, here the end of the 19-foot tunnel which extends from the lake 21,000 feet away was viewed and the three penstocks, pipes 10 feet 9 inches in diameter which lead to the turbines were seen. In these penstocks butterfly valves are provided just below the manifori into which the tunnel emerges. These are placed here in order to permit taking any one pipe out of service for possible repair or painting, without shutting down the entire plant. Above these butterfly valves all construction is such a nature that it should never be necessary to take the tunnel out of service.

The three penstock lines continue down the 42-degree slope of the hill approximately 330 feet to the flat on which the power-house is located. At the beginning of this flat the pipes enter tunnels each 240 feet long, and continue to their juncture with the huge turbines in the main power-house building. Here again butterfly valves 9 feet in diameter are provided for emergency use.

Surge Chamber Operates as Regulator

About 200 feet upstream and 100 feet to the south of the tunnel portal, a surge chamber 80 feet in diameter and 90 feet in height is provided to take care of the fluctuations in load on plant. In the event of a plant shutdown, the water will rise in this tank and relieve the great pressure which the sudden stopping of this huge amount of water would otherwise cause. This surge chamber also acts as a reservoir from which water rushes when the pipes are first opened and before the water in the tunnel can speed itself up to the required flow.

The generating equipment consists of three 33,000 horsepower vertical shaft turbines furnished by the Pelton Water Wheel Company of San Francisco, direct connected to three 27,000 KVA generators, furnished by the General Electric Company.

Switching Equipment Out Doors

The 220,000 volt tranformers and high-tension switching equipment were furnished by the Westinghouse Company and as at Pit No. 1 are located outside on the flat just above the power-house. From these transformers the power is fed into two transmission lines which span the river and climb the steep south canyon wall to the plateau above, on which the lines continue eight miles, where they join the existing lines which were constructed to transmit the power from Pit No. 1 to the Vaca-Dixon substation 202 miles away.

On Sunday morning the editors and the officials gathered on the dam which banks the Pit river into a lake nine miles long. Here in a brief and well delivered address, Senator C. P. Cutten recalled to the memories of those assembled there the great work done by the late John A. Britton and the great progress which had been made as the result of his foresight and ability. He then gave the lake its name, Britton Lake, and stepping to the rail, cast a basket of rose leaves upon the water in memory of the great builder.

Following the dedication of the lake the editors were shown through the passage way which traverses the dam, and in which are located the great flood gates, which are operated by oil pressure and which regulate the flow of water over the spillway.

The construction of the Pit river projects of which this powerhouse is one unit will represent an expenditure of $100,000,000. In this connection it is interesting to review the erpenditures involved in the construction of this plant. It represents the employment of 1400 men for two years. During that time the company served 3,000,000 meals to its employees at the camp.

The Pacific Gas and Electric Company purchased for these meals the following products and thereby paid California producers and dealers approximately $783,900.00: meat 687 tons; eggs 246,740 dozen; hams, bacon 37 tons; flour 457 tons; potatoes 712 tons; onions 58 tons; beans 33 tons; rice 24 tons, pastes 23 tons; sugar 253 tons, canned friuts 325 tons; butter 81 tons; milk 312 tons; lard 33 tons; dried friut 32 tons.

The total cost of the Pit river project will be approximately $100,000,000.00. This money is being put into circulation by the Pacific Gas and Electric Company because its officers have confidence that northern, central California will grow prosperous.

BIG ENLARGEMENT OF PHONE LINES

Although it is less than a year since the Pacific Telephone and Telegraph Co. extended their plant and added some 500 additional answering jacks to their switchboard equipment the rapid pace of development in Redwood City and its adjacent territory has again made necessary the placing of extensions on both inside and outside plant, according to a statement made public this week by J. D. Worthington, district manager.

Four heavy construction crews, comprising 30 men are now completing what amounts to the most extensive program undertaken locally for many years and which involves placing more than 10 1-2 miles of from 50 pair to 400 pair arial cable and 1 1-2 miles of 600 pair underground cable in various parts of the city. The work also includes replacing more than 175 miles of arial open wire with lead sheathed cable, stringing some 4 1-2 miles of cable into the Woodside and Portola valley districts, 1 1-2 miles of cable between Redwood City and San Carlos, 2 miles of cable between this city and Atherton and over 2 miles on the Middlefield road between Redwood City and the North Fair Oaks section, all of which will provide 600 additional local lines which will accommodate approximately 1200 new subscribers. The cost of the outside plant work aggregates more than $55,000.00.

The inside portion of the job which is now rapidly going forward, consists of the installation of two additional sections of switchboard which will provide for present increased demands and for the requirements of the next two years. This section of the work will cost approximately $11,000, making a grand total of some $66,000 for the entire program.

Off The Beaten Path

The real charm of touring lies in leaving the main-travelled highways and exploring the thousands of alluring side-paths. These dirt roads and trails lead to spots of rare beauty unvisited by the throng—where better camp-sites may be found—finer fishing and lovelier scenery.

In a Ford car, you can enjoy the thrill of exploration and discovery. It is the one satisfactory means of travel for these narrow roads—light—yet so powerful that it will bring you through—easy to handle—sturdy and economical.

It will carry the whole family and the saving in cost often pays for the entire vacation.

C. McMANUS.

THIRTY YEARS AGO

From the Times-Gazette of July 27, 1895

Timothy Hopkins of Menlo Park, who has become an expert cycler, was here on his wheel during the week.

Sheriff McEvoy and Will McGarvey went fishing on the Purissima creek during the week, and returned with 300 fine large trout ranging from 12 to 15 inches in length.

Dr. Baldwin has been vainly trying to shoot a deer. He says he will return next week and fight it out if it takes him all summer. He does not wish to be outdone by Lucas Greer, who reports say carried off ten.

George H. Rice has returned from Pacific Grove, where he has been at the bedside of his son, Stanley, who fell from a bicycle Sunday, breaking two bones of his left arm above the wrist. When Mr. Rice left Pacific Grove, the boy was getting along nicely, and if nothing happens he will be areund again in eight or ten days.

Miss Sallie Nelson is visiting friends in Pescadero for the vacation.

J. F. Johnston and family are are staying at the Hotel La Honda.

It is rumored—in fact it is a settled fact—that Rudolph Holmquist has purchased the plumbing business of Mrs. McNamara, and will hereafter conduct the business on is own account. The young man has been employed by Mrs. McNamara for a number of years and is thoroughly acquainted with every branch of his purchase.

A number of wheelmen paraded through town Saturday evening with large Chinese lanterns projecting from their wheels and cowbells that made more noise than old Gabriel's trumpet attached to the crossbars of their bicycles. The procession was the result of a recent ordinance passed by the trustees compelling all cyclists to carry lights and bells at night.

The trustees of the new school house having intimated to Mrs. A. S. Hallidie of San Francisco, whose summer home is Eagle Home Farm, Portola their desire to secure all funds available towards the purchase of a clock for the school, she at once suggested with hearty good will, that she could arrange the presentation of the charming operetta, "Widows Bewitched," by Virginia Gabriel, which has been given in San Francisco for the benefit of the Pioneer Kindergarten with eminent success.

GREAT WESTERN POWER CO. PETITIONS FOR FRANCHISE

A petition asking for a new franchise for maintaining a power line in this county presented to the board of supervisors at their meeting Monday by officials of the Great Western Power Company, the company which at present furnishes light and power for the coastside of the county.

The franchise asked for includes a line through Visitacion, South San Francisco, San Bruno, Millbrae, Burlingame, Hillsborough, San Mateo, Laguna and Higgins school district. A proposed ordinance was presented to the board by the power company for passage.

The board continued the matter until the meeting of August 3 and requested that each member of the board and the district attorney be supplied with a copy of the proposed ordinance and with maps showing the line of the proposed franchise.

NOTICE INVITING SEALED PROPOSALS

PURSUANT to statute and to Resolution of the Board of Trustees of the Town of Redwood City, directing this notice, said Board of Trustees hereby invites and will receive sealed proposals or bids for doing the following work and making the following improvements in said Town of Redwood City, to-wit:

That Brewster avenue from the northeasterly line of Alleron street to the northerly line of the Pulgas Ranch; also Alden street from the northeasterly line of Allerton street to the northerly line of the Pulgas Ranch; also Samson street from the southwesterly line of Warren street to the northerly line of the Pulgas Ranch; also Hopkins avenue from the northeasterly line of Arguello street to the northerly line of the Pulgas Ranch, also Standish street from the northeasterly line of Arguello street to the northerly line of the Pulgas Ranch; also Howland street from the northeasterly line of Arguello street to the northerly line of the Pulgas Ranch; also Eaton street from the northwesterly line of Fuller street to the northerly line of the Pulgas Ranch; also Allerton street from the northwesterly line of Alden street to the northeasterly line of Rogers street; and also Warren street from the northwesterly line of Alden street to the southeasterly line of Rogers street, including all street and avenue intersections and terminations and portions thereof included within the lines of the several streets and avenues above described be improved as follows, to-wit:

That the roadways of said streets and avenues and portions thereof above described be graded, and paved with a four (4) inch asphaltic concrete pavement upon a three (3) inch base or cushion of broken stone. There is excepted from the above described work all that portion thereof fronting the Park bounded by Howland street, Allerton street, Standish street and Warren street and being one half the width of the roadways of the streets above named bounding said Park; there is also excepted from the above described work a strip eighteen (18) inches in width immediately adjacent to the curb lines on both sides of all the hereinbefore mentioned and described streets and avenues that are to be paved, said strips being reserved for cement concrete gutters.

That the following curb returns now in place at the following corners be removed, to-wit: Northwest corner of Standish street and Warren street; southwest corner of Standish street and Warren street; southwest corner of Hopkins avenue and Warren street; northwest corner of Samson street and Warren street; northwest corner of Alden street and Warren street; northeast corner of Alden street and Warren street; northeast corner of Alden street and Allerton street; southeast corner of Alden street and Allerton street.

That hydraulic cement concrete combination curb and gutters be constructed on both sides of the hereinbefore mentioned and described streets and avenues that are to be paved, the curb portion of combination curb and gutter to be six (6) inches across the top and eleven (11) inches deep and the gutter portion of said combination curb and gutter to be eighteen (18) inches wide and to be six (6) inches thick next to the pavement and five (5) inches thick next to the curb. And said combination curb and gutter shall be made and constructed at one time so that there shall be no joint between the curb and gutter. There is excepted from said curb and gutter the portion fronting the park bounded by Howland street, Allerton street, Standish street and Warren street and adjacent to the curb line around said Park. There is also excepted from the foregoing described combination curb and gutter all that portion on both sides of Howland street between the northeasterly line of Arguello street and the southwesterly line of Warren street; on both sides of Standish street between the northeasterly line of Arguello street and the southwesterly line of Warren street; on the southeasterly side of Hopkins avenue from the northeasterly line of Arguello street to the southwesterly line of Warren street; and on the northwesterly side of Hopkins avenue from the northeasterly line of Arguello street to a point 200 feet northeasterly therefrom; on the northeasterly side of Eaton street from the northwesterly line of Fuller street to Brewster avenue including the southeast corner of Eaton street and Brewster avenue, and the northwesterly side of Brewster avenue from the northeasterly line of Allerton street to a point 100 feet northeasterly therefrom, curbs being now in place at said places. That hyraulic cement concrete gutters be constructed immediately adjacent to all the curbs now in place as lastly herein described upon Howland street, Standish street, Hopkins avenue, Eaton street, Brewster avenue and upon the southeast corner of Eaton street and Brewster avenue, said gutters to be eighteen (18) inches wide and to be six (6) inches thick next to the pavement and six (6) inches thick next to the curb.

Said cement concrete combination curb and gutter shall also be constructed upon the corners of intersecting and terminating streets and avenues within the lines of the streets and avenues hereinbefore described to be paved. Said cement concrete combination curb and gutter shall also be constructed outside the lines of the street and avenues hereinbefore described to be paved at the following corners, to-wit: Northwest corner of Alden and Warren; northeast corner of Alden and Warren; northwest corner of Alden and Allerton; northeast corner of Alden and Allerton; southeast corner of Alden and Allerton. There is excepted from the foregoing curb and gutter on corners the four corners of the Park, bounded by Howland street, Allerton street, Standish street and Warren street.

The Pulgas Ranch line referred to herein is shown on the Map of the Pulgas Ranch, filed in the office of the County Recorder of the County of San Mateo, State of California, on the 30th day of December, 1857, and recorded in Book 1 of Patents at page 11.

The width of the streets and avenues and portions thereof above described and of the roadways of said streets and avenues and portions thereof, and the width of the sidewalks of said streets and avenues are to be and are as shown on the plans, profiles and specifications hereinafter particularly referred to herein.

That the official elevations for street grades of said streets and avenues and portions thereof, crown grades, curb grades and grade elevations for top of cutters, be changed and grades different from those established or adopted prior to the adoption by the Board of Trustees of the Town of Redwood City of the plans, profiles and specifications hereinafter referred to herein, shall be adopted, and such official and different and prior grades shall be modified, and are hereby modified and changed so that the official grades shall be and conform to the grades as shown on the plans, profiles and specifications for said work and improvements, which plans, profiles and specifications were heretofore adopted by the Board of Trustees of said Town on the 15th day of June, 1925, by "RESOLUTION ADOPTING PLANS AND SPECIFICATIONS NO. H-10", which plans, profiles and specifications are now on file in the office of the Clerk of said Town of Redwood City. All the work and improvements herein described, shall be done and made to such new official grades as shown on the plans, profiles and specifications hereinbefore mentioned, to which plans, profiles and specifications reference is hereby made for a description of the grades at which said work is to be done and made, and the same are made a part hereof.

And said Board of Trustees does hereby determine and declare that the foregoing described work and improvements are of more than local or ordinary public benefit and will affect and benefit the lands and district hereinafter described, which said district is hereby declared to be the district benefitted by said work and improvements and to have the exterior boundaries hereinafter described as the boundaries thereof; that therefore the entire costs and expenses of said work and improvements shall be and are hereby made chargeable against and shall be assessed upon said lands and district, which district is within the limits of the Town of Redwood City, County of San Mateo, State of California, and the exterior boundaries thereof are particularly described as follows, to-wit:

Beginning at the intersection of the northeasterly line of Arguello street and the northwesterly line of Howland street, running thence northwesterly along the northeasterly line of Arguello street to its intersection with the southeasterly line of Lot 1, Block 14 range "B" as shown on the Map of the Town of Mezesville; thence northeasterly and along the southeasterly lines of lots 1, 2, and 3 in Block 14 Range "B" said map to the northeasterly line of said lot 3, Block 14 Range "B" said map; thence northwesterly and along the said northeasterly line of said lot 3, Block 14 Range "B" said map to the southeasterly line of Rogers street; thence northeasterly and along the southeasterly line of Rogers street to Warren street and continuing in a straight line across Warren street and continuing along the southeasterly line of Rogers street to its intersection with the dividing line between lots 2 and 3 in Block 11 Range "C" as shown on the last mentioned map; thence southeasterly and along the dividing line between said Lots 2 and 3, Block 11 Range "C" said map to the southeasterly line of said lot 3, Block 11 Range "C" said map; thence northeasterly and along the southeasterly lines of lots 3 and 4 in Block 11 Range "C" said map to the dividing line between lots 4 and 5, Block 11 Range "C" said map; thence northwesterly along the dividing line between lots 4 and 5, Block 11 Range "C" said map to the southeasterly line of Rogers street; thence northeasterly and along the southeasterly line of Rogers street to Allerton street and continuing in a straight line across Allerton street and continuing along the southeasterly line of Rogers street to the northerly line of the Pulgas Ranch; thence southeasterly and along the northerly line of the Pulgas Ranch to its intersection with the dividing line between lots 6 and 7, Block 7 Range "E" as shown on the Map of the Town of Mezesville; thence southwesterly and along the northwesterly lines of lots 7, 8, 9, 10 and 11, Block 7 Range "E" said last mentioned map to the northeasterly line of lot 12, Block 7 Range "E" said map; thence southeasterly and along the northeasterly line of said lot 12, Block 7 Range "E" said map to the northwesterly line of Fuller street; thence southwesterly and along the northwesterly line of Fuller street to its intersection with the southwesterly line of Lot 7, Block 7 Range "D" said last mentioned map; thence northwesterly and along the southwesterly line of said Lot 7, Block 7 Range "D" said map to the southeasterly line of Lot 5, Block 7 Range "D" said map; thence southwesterly and along the southeasterly lines of Lots 5, 4, 3, 2 and 1, Block 7 Range "D" said map to Allerton street and continuing in a straight line across Allerton street to the southwesterly line thereof; thence northwesterly and along the southwesterly line of Allerton street to Brewster avenue and continuing in a straight line across Brewster avenue and continuing northwesterly along the said southwesterly line of Allerton street to the southeasterly line of Alden street; thence southwesterly and along the southeasterly line of Alden street to Warren street and continuing in a straight line across Warren street and continuing southwesterly along the southeasterly line of Alden street to its intersection with the dividing line between Lots 9 and 10, Block 10 Range "B" last mentioned map produced southeasterly in a straight line to the southeasterly line of Alden street; thence northwesterly and along the dividing line between Lots 9 and 10, Block 10 Range "B" said map produced and continuing along the dividing line between said Lots 9 and 10, Block 10 Range "B" said map and continuing along the dividing line between Lots 3 and 4, Block 10 Range "B" said map to Samson street and continuing in a straight line across Samson street and continuing along the dividing line between Lots 9 and 10 Block 11 Range "B" said map to the northwesterly line of said Lot 10, Block 11 Range "B" said map; thence southwesterly and along the northwesterly lines of Lots 10, 11 and 12, Bock 11 Range "B" said map to the northeasterly line of Arguello street; thence northwesterly and along the the northeasterly line of Arguello street to Hopkins avenue and continuing in a straight line across Hopkins avenue and continuing northwesterly and along the northeasterly line of Arguello street to Standish street and continuing in a straight line across Standish street and continuing northwesterly along the northeasterly line of Arguello street to Howland street and continuing in a straight line across Howland street to the intersection of the northeasterly line of Arguello street and the northwesterly line of Howland street, the point of beginning, provided, however, that all streets, avenues and roads and portions thereof and the Park bounded by Howland street, Allerton street, Standish street and Warren street, all situate within said district shall be omitted from any assessment made or levied for paying the costs and expenses of the foregoing described work and improvements, the said streets, avenues, roads and portions thereof and said Park belonging to said Town of Redwood City and being in public use as public streets, avenues and roads and Park.

A Map or Plat of said hereinbefore described district is now on file in the office of the Clerk of the Town of Redwood City and is particularly referred to for an accurate description and location of said district and the same is made a part hereof.

The various maps referred to herein are of record in the Recorder's office of the County of San Mateo, State of California, in Map books and pages as hereinafter setforth and reference is hereby made to said maps and the records thereof and the same are made a part hereof.

Map of the Town of Mezesville in Book 1 of Maps at page 79.

The Pulgas Ranch line referred to herein is shown on the Map of the Pulgas Ranch, filed in the office of the County Recorder of the County of San Mateo, State of California, on the 30th day of December, 1857, and recorded in Book 1 of Patents at page 11.

Notice is hereby given that serial bonds to represent unpaid assessments and bear interest at the rate of seven (7%) per cent per annum will be issued hereunder in the manner provided by the Improvement Bond Act of 1915, the last installment of which bonds shall mature and be payable nine (9) years from the 2nd day of July next succeeding ten (10) months from their date.

Except as hereinabove otherwise provided for the issuance of said serial bonds all the foregoing described work and improvements shall be done in pursuance of and in conformity with an Act of the Legislature of the State of California, entitled, "Improvement Act of 1911," approved April 7th, 1911, and Acts amendatory thereof.

Said work is to be done in accordance with the plans, profiles and specifications therefor, posted near the council chamber door of the Board of Trustees of the Town of Redwood City and on file in the office of the Clerk of said Town, and heretofore adopted by said Board of Trustees for doing said work and making said improvements.

Reference is hereby made to Resolution of Intention No. H-10, of the Board of Trustees of the Town of Redwood City, declaring its intention to order said work to be done and said improvements to be made, for further particulars, which Resolution of Intention No. H-10 is now on file in the office of the Clerk of said Town of Redwood City.

All of said proposals or bids shall be accompanied by a check payable to said Town of Redwood City, certified by a responsible bank, for an amount which shall not be less than ten per cent of the aggregate of the proposal, or by a bond for the said amount and so payable signed by the bidder and two sureties who shall justify before any officer competent to administer an oath in double said amount and over and above all statutory exemptions.

Said sealed proposals or bids shall be delivered to the Clerk of the Board of Trustees of the Town of Redwood City on or before 10 o'clock A. M. on Monday the 10th day of August, 1925, said time being not less than ten (10) days from the first publication and posting of this notice.

The Board of Trustees of the Town of Redwood City reserve the right to reject any or all proposals or bids should they deem doing so to be for the public good.

Dated: July 20th, 1925.
W. A. PRICE,
Clerk of the Board of Trustees of the Town of Redwood City.

NOTICE OF SALE OF REAL PROPERTY

In the Superior Court of the State of California, in and for the County of San Mateo.

No. 3224

In the Matter of the Estate of CHARLES MARTIN, Deceased.

Notice of Sale of Real Property.

Notice is hereby given that the undersigned, administratrix of the estate of Charles Martin, deceased, will, on or after Tuesday, the 28th day of July, 1925, sell, at private sale, to the highest and best bidder, and upon the terms and conditions hereinafter mentioned, and subject to confirmation by the said Superior Court, all the right, title, interest and estate which Charles Martin had at the date of his death, as well as all the right, title, interest and estate which he has, by operation of law or otherwise, accrued to the estate of said deceased since the date of his death in and to the real property hereinafter described.

Terms and Conditions of Sale: Cash, in gold coin of the United States, ten per cent (10%) of the amount bid to be paid at the time of acceptance of bid, and balance on confirmation of sale by the said Superior Court. Deeds and instruments of title at the expense of purchaser or purchasers.

Bids or offers for the hereinafter described property must be in writing, and may be left at the office of the undersigned at Room 614 Mills Building, in the City and County of San Francisco, State of California, or may be delivered to said undersigned personally, or may be filed in the office of the Clerk of said Court, at any time before making said sale.

The real property herein referred to and to be sold as aforesaid is all that certain lot, piece or parcel of land lying and being in Daly City, County of San Mateo, State of California, and particularly described as follows, to-wit:

Lot No. 13 in Block A, as per "Map of Mission Street Tract in San Mateo County, California," filed in the office of the County Recorder, January 21, 1907, and recorded in Book "D" of Maps at page 50, and copy recorded in Book 4 of Maps at page 51.

Dated at San Francisco, California, this 8th day of July, 1925.

DOROTHY S. MARTIN
Administratrix of the Estate of Charles Martin, deceased.
W. T. PLUNKET, Attorney for Administratrix, 614 Mills Building, San Francisco, California.

LEGAL NOTICE

NOTICE TO CONTRACTORS

Notice is hereby given that the Board of Trustees of the Town of Redwood City will receive sealed proposals or bids up to the hour of 8:00 o'clock P. M. of Monday, the 3rd day of August, 1925, for doing the following work, to-wit:

Constructing a reinforced concrete settling tank at the Redwood City Water Works in Redwood City, California.

All of said work is to be done in accordance with the plans and specifications therefor heretofore adopted by the Board of Trustees of said Town and now on file in the office of the City Clerk of said Town of Redwood City.

All bidders shall bid upon a proposal form to be furnished by the City Engineer of the Town of Redwood City.

All bids must be accompanied by a certified check payable to the Town of Redwood City equal in amount to ten (10) per cent of the total of the bid, upon the condition that if said bid shall be accepted the party bidding will duly enter into contract in accordance with his bid. Checks of unsuccessful bidders will be returned upon rejection of bids. Successful bidder must enter into contract within five (5) days after award of contract.

The successful bidder before entering into the contract will be required to deposit with the Town of Redwood City a compensation insurance policy covering all employees to be used by him or by any sub-contractor under him.

The Town of Redwood City will make monthly progress reports as the work proceeds in the sum of fifty (50) per cent of the work completed and accepted as determined and estimated by the City Engineer.

The Town of Redwood City will allow approximately sixty (60) days to complete the work.

The Board of Trustees of the Town of Redwood City reserves the right to reject any and all bids.

By order of the Board of Trustees of the Town of Redwood City.

Dated July 6, 1925.
W. A. PRICE,
Clerk of the Board of Trustees of the Town of, Redwood City.

First publication in Times Gazette, July 18, 1925; last publication, July 25, 1925.

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF SAN MATEO.

In the Matter of the Petition of LOUIS K. LAFKAS, for an order to sell, convey and dispose of community property held as such by petitioner and MARY LAFKAS, his wife, an adjudged insane person.

NOTICE IS HEREBY GIVEN that LOUIS K. LAFKAS will on Thursday, the 20th day of August, 1925, petition the above entitled Superior Court for an order permitting him to sell and convey the following described real property which is community property of said LOUIS K. LAFKAS and MARY LAFKAS, his wife, an adjudged insane person.

Said motion will be made upon the grounds that it is for the advantage, benefit and the best interests of the said LOUIS K. LAFKAS and the said MARY LAFKAS that said property should be sold.

The description of said property is as follows:

All that cretian lot, piece or parcel of land situate, lying and being in the County of San Mateo, State of California, and bounded and particularly described as follows, to-wit:

Lot 37, Block 4, as the same is designated and delineated on that certain map entitled "Crocker Estate Tract Subdivision No. 1", which was filed for record on June 1, 1908, and was recorded in Book 6 of Maps at page 16, in the office of the County Recorder of the County of San Mateo.

Dated July 18, 1925.
LOUIS K. LAFKAS
Petitioner.

NOTICE TO CREDITORS

In the Superior Court of the State of California, in and for the County of San Mateo.

In the Matter of the Estate of ALICE LAMBERT, Deceased.

Notice is hereby given by the undersigned J. L. Lambert, administrator of the estate of said Alice Lambert, deceased, to the creditors of and all persons having claims against the said deceased, to file them, with the necessary vouchers, in the office of the Clerk of the Superior Court of the State of California, in and for the County of San Mateo, or to exhibit the same, with the necessary vouchers, within four months after the first publication of this notice to the said administrator, at the office of the Times-Gazette, 61 Broadway, Redwood City, the same being the place for the transaction of the business of said estate in the County of San Mateo, State of California.

Dated this 25th day of June, A. D. 1925.

J. L. LAMBERT,
Administrator of said estate.
FREDERICK SCHNEIDER, Attorney for said administrator, 505 Emerson Street, Palo Alto, California.

First publication in Times-Gazette, June 27, 1925; last publication July 25, 1925.

What to do when Several Lights go out

The trouble is probably due to a burnt out circuit fuse. The electrical service in a home, store or factory is arranged in circuits, to distribute the energy so that small wires may not be overloaded and overheated by carrying too heavy current.

There are two fuses for each of these circuits, usually of the type known as "plug fuses." These circuit fuses are generally grouped in what is known as the "fuse-box." If one of these fuses is burnt out it will be discolored—smoky—underneath its isinglass window, and must be replaced.

NEWS OF MENLO PARK

James D. O'Kane and wife have returned from a vacation spent at Yosemite Valley. They motored to and from the wonderland of California. They report that the valley is crowded with visitors and the year will be a record one for the camps.

J. H. Sullivan and family left during the week for a motor trip to Yosemite Valley and Lake Tahoe. They will return on Tuesday next.

A baby boy was born to Mr. and Mrs. A. Stradley on July 14. The youngster is very petite and handsome, having taken after his whose mother is known as the "auburn beauty." The boy has been named Thomas.

M. F. Duff, a former resident of Menlo Park, is quite low in a San Francisco hospital and fears are entertained as to his ultimate recovery. He is feeble and owing to his advanced age the chances of his convalescing are remote. Mr. Duff in years agone was one of the best known men in San Mateo county, where he resided the greater portion of his life ,and where he was universally loved and admired.

The big prune crop at the Hopkins place will be harvested next week, the fruit is unusually large and the trees are bending with the weight of the fruit. Prunes will bring a fancy price this year for the reason that there is a short crop in other districts and this is owing to the heavy late rains.

The big realty deal at the corner of Eighth and Market streets in San Francisco during the week has caused much speculation down the peninsula. The wise ones believe it was bought by the Southern Pacific railroad company for a terminal for its proposed electrification of its peninsula system. The company will not admit it but it is the general consensus of opinion that the concern has acquired the choice property for that purpose. The company's activities down the peninsula would indicate that it means to electrify the system from San Francisco to San Jose. Should this occure it would be a boon to the locality. Cheap fares and quick transportation would certainly build up the peninsula. Let us hope the rumor of the purchase by the Southern Pacific Company will ring true.

Mrs. Frederick Sharon has opened her attractive home for the summer months. She plans to have many house parties during the season and to entertain considerably. Mrs. Sharon recently returned from Europe where she has numerous friends among the nobility. The Sharon estate here is one of the show places of the state.

James G. Mason has opened his country cottage at Seabright for the season.

Miss Meta Kugeler will return today from Alaska, where she has been for the past month. She was accompanied north by Mrs. L. H. Cook. Many Menlo Park people journied to Alaska this summer. That country is rapidly becoming the mecca for tourists. It is new, interesting and delightful.

Miss Mary E. Weston, a pretty charming graduate of the Notre Dame Academy of Belmont, has entered a business college at Palo Alto to prepare herself for secretarial work.

The cutting down of oak trees in the locality means a great loss to the community and to the property owners. The government places a big value on the monarchs of the forest. Some time ago an aged old oak had to be removed to make way for a foundation for a new building at the base hospital, but before the work of destruction began the department at Washington was asked permission to cut the tree down. Word came back not to destroy the oak, but change the plan of the building as the tree was appraised at $1000, as was every tree on the property. This gives a faint idea how the oak is valued by Uncle Sam and he is a pretty wise old gentleman. A few years ago the beautiful trees on the Felton estate were cut down to make way for the cultivation of strawberries. This crop can only be grown for four years when the crop must rotate. The four years will expire in 1926, when the vines must be uprooted. The owner is subdividing the land in small home sites. If he had spared the trees no doubt the lots would sell for double the price now being asked for them. It pays in the end to spare the oak.

Among the fourteen men poisoned by bad moonshine in Yolo county last week appeared the name of Paddy Reilly. It was first thought it was the Paddy Reilly who, in his perigrinations usually spend a portion of the year here, but this thought was dispelled when the account of the affair in the newspapers next day stated that the Yolo man had $3,000 in his pocket when taken to the hospital. This surely isn't the Paddy Reilly that visits us here for he never accumulated that amount of money in his life.

The formal opening of the new swimming pool at the Menlo Circus Club will take place on August 5 and will be a gala affair. Many of the young people of the club will take part in the festivities of the afternoon and in the evening there will be a large Dutch treat supper.

Frances Galli has applied in the Superior court for letters of administration upon the estate of Jonn Galli, who died at Santa Clara on July 8, 1925, the estate consists of lots 40 and 41 in the Mission Street Tract. The entire value of the estate is placed at $2,000. The heirs at law are the petitioner and three children.

Mrs. Ella Goad Hooker has filed the last will and testament of her husband, the late Charles Osgood Hooker, who died at Hillsborough on July 8, 1925. The will filed in the county clerk's office is dated August 17, 1906, with a codicial dated February 26, 1918. The petition states that the value of the estate is over $10,000, but it is known to be over a half million. At the time of the signing of the will, the deceased gave to his wife 4000 shares of Spring Valley stock. The will is set for hearing for August 6. By the terms of the will half of the estate is left to his wife in trust for their son, Osgood Hooker, he to receive the amount when he reaches the age of 30 years. In the mean time Mrs. Hooker is to receive the income of the bequest. The other half is left to Mrs. Hooker who is to serve as executor without bonds and who is supervise the education of her son. Mrs. Hooker and her son are the only heirs. Pillsburry, Madison and Sutro are the attorneys for the petitioner.

Mrs. Eliza Bruce is very sick at her home in Fresno, where she has been with her daughter, Mrs. Guy Manson. Her family has been called to her bidside. Her illness is serious. She may not recover.

Boyd Braden, the realty broker, has leased an office in the O'Keefe building, occupying the rooms recently vacated by the Bear Gulch Water Company. Mr. Brayden will maintain his San Francisco office.

E. E. Quayle has sold the Peralta Pigeon Farm near town to M. Denton. The sale consists of the pens and 3000 birds and the business. The amount paid for these was $20,00. Had the purchaser been a Parrott it then could be said that an aviary had been disposed of. The sale was consummated by Frank Cain, the local realty broker. Mr. Denton is an experienced pigeon and squab man of Fruitvale. He has leased a portion of the Quayle building near the pens for an office. Mr. Quayle, who is a wealthy land owner, will remain in Menlo Park.

E. J. Loughlin has opened a branch shoe store at Burlingame, having bought Roy's Shoe Store, 273 California Drive. He will give this place his personal attention and the store here will be in charge of E. J. Gander, his foreman. Mr. Loughlin will continue to reside in Menlo Park.

J. J. Doyle has leased his hotel to a San Francisco party with a wide experience in the hotel business. Mr. Doyle and family will occupy their new home at Atherton. Mr. Doyle will continue in the contracting and building business. The new owner is to improve the priperty and give the people of Menlo Park a first-lass hostelry.

P. R. Lane has sold the Menlo Park news agency to F. Bauderman of San Francisco, who will take charge if the business on the first of the month. Mr. Lane has been here for the past fifteen months and has made many friends. He will continue to reside here for awhile anl then move to Palo Alto where has the agency for the San Francisco Bulletin.

The Menlo Park Incorporation Club held its regular meeting Thursday evening in the Kuck hall. J. J. Harcom of the Ways and Means committee, addressed the meeting, teling of the proceedings at the board of supervisors last Monday when the matter of the petition for incorporation came up for hearing. Mr. Harcom gave a detailed statement of the proceedings. He assured the gathering that Menlo Park would be incorporated along the lines originally planned by the petitioners. His speech was supplemented by W. J. Murray and George Walsh. Roy Reynolds was placed on the Ways and Means committee. W. J. Murray, George Walsh and J. J. Harcom were chosen as the publicity committee. Many at the meeting complained that the Palo Alto Times gave an uncorrect account of the last meeting and the committee is to prevent wrong interpretations going to the press. Kirkbride and Gordon were employed to assist Attorney Stebenne in the court action. The club will hold meetings every Thursday evening in the Kuck hall.

Following a long illness Mrs. Joseph Hara of Menlo Park passed away at her home there last Tuesday. The funeral took place on Thursday from the Church of the Nativity and interment was in Holy Cross cemetery, Menlo Park.

Mrs. Hara was born January 14, 1858, and had lived in Menlo Park for 35 years. She is survived by her husband, three children, John, Ray and Elmer, all of Menlo Park; a sister, Mrs. Carrie Belcourt of Mayfield; a brother, James Farmin of Palo Alto; a half sister, Florenne Buelna of Leeds, and her stepfather and mother, Mr. and Mrs. John Buelna of Menlo Park.

Ancient Grecian Sport

Wrestling was the sport of the ancient Greeks, the perfect race. It was the test of skill and strength that brought the highest honors to the victor, and poets, orators, and the brains of the classic age vied with one another for the signal honor of wearing the laurel wreath of the champion wrestler.

MOVIES

"PATHS TO PARADISE"

A fine crook comedy with a brand new treatment will be offered at the Sequoia theatre next Saturday, Aug. 1, in the Paramount picture, "Paths to Paradise," featuring Betty Compson and Raymond Griffith.

"Paths to Paradise," a Clarence Badger production, adapted for the screen by Keene Thompson from the play, "The Heart of a Thief," by Paul Armstrong, is a story of two clever crooks who team up, fall in love and reform, after giving the entire San Francisco police force the chase of their lives.

Betty, a clever girl thief, is head of a band of roughnecks of San Francisco's Chinatown. She and her pals make a profitable business of "taking over rubber-necks." Their cellar dive is visited one night by Ray Griffith, to all appearances fair "meat" for the gang. It's not long before Betty has his role, only to have Ray turn around and flash a badge. When Ray suggests that they might possibly buy their way out of the situaiton, money, watches and jewelry are immediately poured into his waiting "topper." Then out he skips, being careful to leave his badge behind. Betty picks up and reads "San Francisco Gas Meter Inspector"—Ray is really "the Dude from Duluth," the cleverest of clever gentlemen crooks.

His next job is at a fashionable reception. Posing as a detective, he waits his chance to get his hands on a priceless necklace, but strikes a snag when Betty puts in an appearance in maid's costume. It's battle of wits between the two of them for the gems, until they finally decide to team up.

They skip with the necklace, and a general alarm is sent out. The Mexican border is their objective. Enroute a mutual love arises, and Betty declares that if they are to be married and trust each other they cannot go through with the job, so back they go, straight through the police cordon, replace the jewels and receive a fat reward from the owner who still blieves Griffith to be a real detective. It's fair sailing after that.

Picture for yourself the inimitable Ray in such a role. There's not a letup in the laughs; there's no lagging in the interest; there's no pause in the thrills. Remember Betty as a girl crook in "The Miracle Man," the role that skyrocketed her to stardom!

Heading the cast playing in support of the principals are Tom Santschi, Fred Kelsey and Bert Woodruff.

LAUGH SCENES IN PARAMOUNT FILM

Paul Bern Production, "Grounds for Divorce," Entertaining Marriage-Comedy

The Paramount marriage-comedy, "Grounds for Divorce," which will be shown at the Sequoia Theatre tomorrow, July 26 abounds in big laughs.

The pitcure, written for the screen by Violet Clark from Guy Bolton's adaptation of the play by Ernest Vajda, author of "Fata Morgana," deals with the first year of married life of the Sorbiers and feature Florence Vidor, Matt Moore and Louise Fazenda in the leading roles.

Maurice Sorbier is an unusually successful Franch divorce lawyer who prides himself on never having lost a case which freed many a charming wife from her neglectful husband. He never dreams for a minute that he is neglecting his own wife in watching out for other men's wives, and that's what starts all the trouble.

Even when his first wedding anniversary comes around, Sorbier is so wrapped up in his work that he forgets all about what day it is. Naturally enough, the wife gets all het up, throws a few things in his direction and stalks out of the house in a huff determined to give her husband a taste of his own medicine. This is the big scene at the beginning of the production—the scene upon which everything that is to follow hinges.

The carnival at Nice episodes in the picture is said to surpass anything of its kind ever shown on the screen.

Another big laugh comes when Miss Vidor, who marries again, manages to get sufficient "grounds for divorce" from her second husband by having an aviator friend of hers take him up for a ride in his plane and then threatens to drop him out if he doesn't write a note to her.

And these are but three of the highspots in the production, which is sure to prove something unusual in modern marriage comedies.

Harry Myers, you remember him best, perhaps as "A Connecticut Yankee at King Arthur's Court," heads the cast appearing in support of the prinicpals. Others include George Andre Beranger, Gustave Von Seyffertitz, Edna Mae Cooper and five of the beautiful odels who appeared in the "Dressmaker from Paris," also a Paul Bern production gor Paramount.

FORD SALES ESTABLISH NEW JUNE RECORD

A new June sales record was established by the Ford Motor Company during the month just passed, when approximately 6,000 more Ford cars and trucks were delivered to retail customers in the United States than during the same month a year ago, which hold the previous high mark for June.

Reports indicate a continued large volume of business through the summer months with a higher buying level than is usual during this season of the year. The outlook is for another record breaking month for July. Urgent requests for additional shipments have made necessary increasing the company's July production schedule, which now calls for several thousand more cars and trucks than were produced in June.

Sales figures just given out by the company show that the total sales for June were 195,300 Ford cars and trucks Of this number 176,256 represent domestic sales, as compared with 170,547 cars and trucks sold in June a year ago.

Buying conditions also continue good in the high priced car market. Evidence of this appears in the sales of Lincoln cars during June, with deliveries to domestic customers totaling 892, an increase of 95 over June a year ago.

Pescadero Notes Items of Interest

Mr. and Mrs. Jack Corley and daughter June have returned to their home in Vallejo, after a visit with relatives here.

The P. G. & E. Company gave a wonderful picture and lecture on electricity at the Community Center Thursday evening.

Mr. and Mrs. Frank Cardoza visited friends here Sunday.

Frank Landen, Melvin Mesquite and Earle Williamson visited in La Honda Sunday.

Miss Joyce Barker of San Jose is visiting her aunt, Mrs. M. R. Mattei.

Mr. and Mrs. Frank Isidor of La Honda visited Mr. and Mrs. Walter Sunday.

Mrs. Louise Fretres of Vallejo visited her parents, Mr. and Mrs. Antone Vierra recently.

Mrs. James McCormick and daughters, Catherine and Patricia, spent the week end with Mr. and Mrs. Emmett Graham.

Mrs. Gertrude Waters and Mrs. Poulsen of Fresno and Ernest Werder of Redwood City spent the week end with Dr. and Mrs. C. V. Thompson.

Mr. and Mrs. J. F. Steele have returned home after a visit with relatives in Santa Rosa.

Miss Grace Luis, who has been in Sacramento attending the Grand Council of the S. P. R. S. I. visited with relatives at Livermore before returning home

Mr. and Mrs. A. J. Goulson have received word from Mr. and Mrs. D. C. Goulson and son of their safe arrival in Joinville, France. Goulson is traffic officer of this district and is on a three months' visit in Europe visiting his wife's parents.

Mr. and Mrs. Manuel Goularte and son, Manuel, who have been living in San Gregorio for the past two months have returned home.

Mr. and Mrs. G. E. Moore and Mrs. J. F. Palmier of Fruitvale visited relatives here Sunday, and Miss Ethel Moore returned home with them after visiting Miss Harriet Williamson for two weeks.

Mr. and Mrs. W. F. Murphy of San Francisco are spending their vacation in the Enos cottage.

Judge A. W. Woodhams and daughter, Miss Cecil, visited Mrs. Woodhams and Misses Helen and Aida Tuesday at Mayfield.

Mr. and Mrs. F. G. Williamson and children and Mrs. J. S. Mesquite and son Melvin took in the big week at Salinas.

Mr. and Mrs. Frank Quadros and son and Miss Iola Bettitt motored to Salinas Wednesday to spend a few days.

Miss Alma Bagnetti of San Francisco is visiting at the F. G. Williamson home.

Mrs. E. O. Frances of Oakland are camping in the Gazos creek.

Mrs. Iren Valentine and daughter Iren Evelyn of Oakland are visiting Miss H. G. Hansen.

We will accept low first payment and then the same as rent. Will take a lot or an old house as part payment. Lambert and Walter, 198 Broadway, Redwood City. 9-27

SAN CARLOS ELECTION CONTEST DECIDED

Of the numerous election contests brought in this county during the past thirty years only a few have been successful, not more than a scant half dozen. Usually the election boards of the county appear to show splendid judgment in counting the ballots. This was demonstrated by the board at the election incorporating the Town of San Carlos. A contest was begun by James W. Davis, one of the low candidates for town trustee and the suit was tried in the Superior court on Thursday and the ballots were brought into court and counted. The contestant lost 6 votes in the recount.. There were 196 ballots cast at the election. There were 16 candidates for town trustee, the three lowest being John Bryan, George H. Sesnon and W. J. Scott, necking out Davis by a few votes. The returns as canvassed by the supervisors gave Sesnon 81, W. J. Scott 77, John Bryan 74 and James W. Davis 71. The result of the contest was Sesnon 79, Scott 71 and Davis 66. The recount demonstrated that considerable plunking was done at this election. This method is comparatively new in politics but it was used some in the olden days. Where there are a number of candidates running for office the friends of one or two organize and cast their ballots for them, not voting for the other candidates and this is what was done with a vengeance by the voters of San Carlos. Of the 196 votes cast forty-four were not counted for either Davis, Sesnon, Scott of Bryan, foury-four electors presumably voting for the other candidates. No doubt other voters plunked for the candidates in this suit. The court remarked at the end of the recount that the number of ballots not counted was unusual. Never before had he witnessed such an incident. J. J. Bullock appeared for the contestee, while A. J. Stebenne for contestant.

Engineering Term

The term "four-cycle," used in connection with an internal combustion engine, means that there are four-piston strokes for the accomplishment of the processes in the engine. These strokes are termed the intake stroke, the compression stroke, the power stroke and the exhaust stroke.

Cleaning Without Odor by the

F. Thomas *Process*

Our many years of experience has taught us that it is impossible to do perfect cleaning with cheap, inferior methods. That is why we found it necessary to invest nearly $500,000 in the equipment of a plant and the establishment of an expert organization to do the quality of work demanded bp our customers.

With the "F. Thomas Process" we not only remove every particle of dust but we return your garments without that usual disagreeable smell of gasoline. Every drop of gasoline we use in cleaning is redistilled and very highly refined.

Raw gasoline—the kind that you buy for your automobile—is full of heavy oils and unfit for cleaning fabrics. t is little better than ordinary distillate and leaves a sickening gasoline smell in your clothes.
